

The image shows the top portion of the DSIRE website. It features a red header with the DSIRE logo on the left and navigation links for 'NC Solar Center', 'IREC', 'Contacts', 'About Us', and 'NCSU' on the right. Below the header is a white sidebar with a grid background containing links for 'Incentives', 'Incentives List', and 'DSIRE Home'. The main content area has a red title 'Rhode Island Incentives for Renewables and Efficiency' and three red links: 'See Federal Incentives', 'See All Summaries', and 'See Homeowner Incentive Summaries Only'.

## Related Programs & Initiatives

- **[Green Power Network: Buying Green Power in Your State](#)** **EXIT DSIRE**  
The U.S. Department of Energy's Green Power Network provides news and information on green power markets and related activities. This site provides state-by-state information on [Green Power Marketing in Competitive Electricity Markets](#) and [Utility Green Pricing Programs](#).

In addition, the site lists marketers of [Renewable Energy Certificates](#) (RECs)(also known as green tags or tradable renewable certificates), which represent the environmental attributes of the power produced from a renewable energy project. Whether or not consumers have access to green

power through their local utility or a competitive electricity marketer, consumers can purchase RECs without having to switch electricity suppliers.

- [Wind Powering America](#) **EXIT DSIRE**

The U.S. Department of Energy's Wind Powering America site provides [state-by-state wind project information](#), including validated wind maps, anemometer loan programs, small wind guides, legislative briefings, wind working groups, and state-specific news.
