

# Summer Nature Day Camp 2021

Creating outdoor experiences and memories that last a lifetime

## July 12 – August 20

### WHERE FUN, FRIENDS, AND NATURE COME TOGETHER

Discover the wonder of the great outdoors! Greenwich Audubon Center is excited to offer our Summer Nature Day Camp in 2021! We are offering 6 weeks of fun-filled activities, outdoor experiences, and adventure.

Each week, campers at Greenwich Audubon Center's Summer Nature Day Camp explore nature in a fun, safe environment within the 285 acres of our nature sanctuary. Audubon camp fosters curiosity through outdoor discovery that helps campers develop an understanding of the natural world. These unique experiences and adventures can grow into a lifelong appreciation for our environment.

Our camp days are filled with a variety of activities—including hiking, pond and stream exploration, crafts, nature-themed games, live animal interactions, and birding. For the safety of our campers, families, and staff, we strictly follow the latest COVID-19 safety guidelines. All campers must be prepared to wear masks and abide by state regulations during camp.

Please expect that we may have updates depending on how COVID plays out—thank you in advance for your patience and flexibility as we navigate these challenges.

We look forward to sharing the wonders and joys of nature with our campers again this season!
